

HEVC Patent Portfolio License Briefing*

*This presentation is for information purposes only. Actual license agreements provide the only definitive and reliable statement of license terms.

Objective

- Offer an alternative license for the convenience of users enabling them to acquire patent rights necessary for the HEVC standard (see next slide) from multiple patent holders in a single transaction as an alternative to negotiating separate licenses

Coverage

- **HEVC Standard as defined in ISO/IEC 23008-2:2013(E), ITU-T Recommendation H.265 (04/2013), Recommendation ITU-T H.265 v2 (10/2014), and/or Recommendation ITU-T H.265 v3 (4/2015)**

Coverage

- Each patent is essential to the HEVC standard (see previous slide)
- Patent holders submitted patents for evaluation of their essentiality by independent patent experts
- Worldwide coverage (including essential counterparts)
- Licensors include all essential patents

Coverage

- Attachment 1 to the License is updated regularly
 - See <http://www.mpegla.com/main/programs/HEVC/Pages/PatentList.aspx>
 - New Licensors and essential patents may be added at no additional royalty for present license coverage during the current term; coverage for entire term
