HEVC Patent Portfolio License Briefing*

*This presentation is for information purposes only. Actual license agreements provide the only definitive and reliable statement of license terms.
Objective

- Offer an alternative license for the convenience of users enabling them to acquire patent rights necessary for the HEVC standard (see next slide) from multiple patent holders in a single transaction as an alternative to negotiating separate licenses.
Coverage

Coverage

• Each patent is essential to the HEVC standard (see previous slide)

• Patent holders submitted patents for evaluation of their essentiality by independent patent experts

• Worldwide coverage (including essential counterparts)

• Licensors include all essential patents
Coverage

• Attachment 1 to the License is updated regularly
  o New Licensors and essential patents may be added at no additional royalty for present license coverage during the current term; coverage for entire term
